

The Plan of Salvation - Benjamin B. Warfield

The Plan of Salvation Benjamin B. Warfield

Five Lectures Delivered at The Princeton Summer School of Theology, June, 1914. In these lectures, Warfield distinguishes between different conceptions of salvation: naturalistic vs. supernaturalistic, sacerdotal vs. evangelical, universalistic vs. particularistic which act as a kind of flow chart showing what is known in theology as 'the order of decrees'. On page 33 of the text (which is described in the reading), there is a table that places various branches of the Christian Church within this scheme. - Summary by InTheDesert
